A model of sustainability: Stainless steel mesh as sun protection at the Education City in Qatar

Picture 1: Omega 1520 stainless steel mesh acts as sun protection and makes a contribution to the positive energy balance of the new residences in Doha.

Picture 2: By means of a special etching technique the mesh was decorated with ornaments.

Picture 3: 280 mesh panels were processed by GKD-USA Inc.

Picture 4 - 5: Smaller etching-projects have been realised by GKD in the USA before.
